John Rees

John is passionately committed to enhancing the achievement and life chances of children and young people, through school improvement and by supporting the professional development of individuals and organizations.

Having taught for 12 years, latterly as a senior leader, John lead the transformation of 'APAUSE' from a 2-school research project into an effective multi-agency programme with unique evidence of health benefit and educational improvement.

John became an independent educational consultant in 2006 and has enjoyed repeat commissions overseas and with a range of Local Authorities supporting health and educational improvement.

Currently John's portfolio includes working with '[Achievement for All](#)'; a 'Pathway Tutor' and 'Assessor' with [TES Global](#) and Associate with [JigsawPSHE](#), '[Headsight Services](#)', [Mentor/AEPIS](#) and [Primary Futures](#) in addition to a range of coaching, training and consultancy roles to support school and health improvement across the UK and overseas.
